---

Thank you, Gary. In retrospect, I wish I had saved some of these in Arizona.

We'll procure some for pickup when we arrive.

I reviewed the proposed route into/out of the site. Looks good and manageable.

Don

Don:

See attached map. This is where I am currently thinking we need wattles for this project. The locations are shown in bright green. Let me know if you have any operational comments associated with the locations or the project in general.

Thanks  
Gary Moore
